Now is the time you should be getting more eggs—they're worth more money. Are you getting them? As a rule hens stop laying when prices go up but it is not their fault. They can't get the proper material. Feed them

Wellington Improved Egg Food

and they can't help but lay. It starts the egg-producing organs into action by furnishing the necessary elements. That's why it pays.

Costs about 1 cent a day for 24 hens.

FOR SALE AT GROCERS, FEED STORES, and general supply houses, but if you cannot get it at your dealers send us his name and address, and 25 cents and we will send you, prepaid, a package that will last a dozen hens 6 weeks and our book on feeding. Send for our Book on Feeding, anyway. Free upon request.

TOWN COUNCIL.

A Motion Made to Amend the present Liquor License.

The regular meeting of the town trustees was held last Monday evening with all members but Walker present. Clerk Stafford read the minutes of the last three meetings. A number of bills were then allowed. Mr. Reese presented his map of the Reese subdivision which showed changes suggested by the board to have been made. An ordinance was introduced on motion of Foley and seconded by Lusher to amend the present liquor license so that 28 instead of 25 saloons might be licensed in Redwood City. Littlejohn opposed its introduction.

A communication was read from Frohlic & Co. asking that 75 per cent of the purchase price of the pipe ordered by the town be forwarded to the company. As the pipe in question had not been tested the request was denied.

Harvey Hickey appeared before the board to ask if anything had been done regarding an ordinance which would license him to give liquor away with meals. City Attorney Kincaid was instructed to draw up the ordinance so that it might be discussed at the next meeting. Adjournment was then taken to Monday night.

Majestic Theater.
During the next week, commencing Monday night, Edwin Milton Royle's big New York farce comedy success "My Wife's Husband" will serve to bring Adele Block, Oza Waldrop, George Woodward, Harry Meyster, Landers Stevens, Kina Gleason, and a lot of other big favorites from among Bishop's thirty plays before the footlights of the Majestic Theater. The play is one that is redolent with fun and clever humor based upon a tangible plot and is the latest of the New York plays, branded with success, which have been secured for the Majestic Theater. The play is one of the very highest class of farce comedies and presented by such a cast it ought to draw big. The Mystic Shriners have reserved the Majestic for a theater party next Monday night. The special matinee of Rosmerholm announced for Wednesday, March 29th, will positively take place.

Passing of a Strange Character.

Charles Ackerstrom, one of Redwood City's strange characters, has passed to his final rest after a life of trials and hardships. "Charley" was a harmless fellow who possessed a temper which got the better of him at the least provocation and the small boy of the last three generations has taken advantage of this fact. For years the poor fellow had been sent into almost helpless spasms by having some one call a mean name at him and his language on these occasions was picturesque in the extreme. For over thirty-five years the deceased had made his home in Redwood and had made his living by wood-chopping. Of late his sight became so poor that he was unable to do much work, and coupled to this affliction his health has been very poor. He would not accept charity but continued with his failing strength to do a few jobs by which to eke out an existence. For the last few weeks he had been getting meals from Herman Anderson. He was about on Sunday but as he did not appear on Monday, Mr. Anderson went to his cabin back of the Germania Hall, and found the old fellow dead in bed. Mr. Crowe was summoned and took charge of the body. The Scandinavian Society of San Francisco, of which the deceased was a member, provided the expenses of the funeral which took place Wednesday morning. Rev. C. C. Kirtland conducted the services and the interment was in Union Cemetery.

Mr. Ackerstrom was a native of Sweden aged about 66 years.

Charles A. Anderson and Charles Plambeck, past presidents of the Scandinavian Society of San Francisco, acted as pall-bearers.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Last Meeting.

San Mateo Power Company Will Build a Temporary Steam Railroad Track.

The Board of Supervisors met in regular session Monday. All the members were present.

The application of L. Simi of South San Francisco for a liquor license was taken up and discussed at some length.

A protest was filed at the last meeting of the board and it was represented by Judge Cunningham, who under oath stated that during December last the applicant and his brother engaged in a quarrel with one Perotti in the saloon of D. Cencio and beat the latter in a brutal manner, for which offense both of the Simis were prosecuted, convicted and fined. Later, there was a shooting scrape at Baden in which one Petrochi fired a shotgun a number of times from the doorstep of Simi's place at the saloon of D. Cencio. He was charged with assault with a deadly weapon and was found guilty of simple assault and is now serving four months in the county jail.

Judge Cunningham said that the gun with which the shooting was done was procured in Simi's saloon, and the shots were fired in his presence. He claimed that as a saloon-keeper Simi was a menace to the community and should be denied a license.

Simi testified on his own behalf. He denied in toto the charges filed against him. He explained that his brother had a quarrel with Petrochi, because the latter had threatened the life of witness, and his only aim was to disarm him. Simi claims to know nothing about the shotgun episode. He said that if granted a license he would conduct an orderly house.

District Attorney Bullock testified to the evidence produced at the trial of Petrochi and of the many complaints made against Simi.

Judge Buck said that at the trial of Petrochi no evidence was produced showing that Simi was in any way connected with the shooting.

Debenedetti explained that he had known Simi for ten years and could vouch for his character. He knew him to be an honest man. On motion of Debenedetti, seconded by MacBain, Simi was granted a license.

Liquor licenses were also granted to S. N. Pelonini, J. Pickett, South San Francisco; George Guenzes, Millbrae; and Joseph Millett, Colma.

Ordinance No. 196, granting the San Mateo Power Company privilege to construct a railroad track over San Bruno road near Walbridge avenue and maintain the same for a period of eighteen months was adopted by the board on motion of Eikerenkotter seconded by MacCracken. The company was required to file a bond in the sum of \$1,000. The company's power plant is being built in Visitation valley.

On motion of MacCracken, seconded by Debenedetti, the petition of the people of Burlingame to change the boundary line of the San Mateo school district so as to take in Burlingame was granted, Eikerenkotter voting no.

R. C. Cane, poundmaster of the Second Township, was requested to file a new bond.

The changes in the court house plans were taken up and fully discussed. MacBain called the architect's attention to an error in the specifications which omitted the clause that the outer walls be furled, while the original plans called for the work. The architect also received a "call down" from Chairman Coleman for other discrepancies. MacBain insists that there shall be no further changes on the roof, and had the architect insert that clause in the specifications.

The changes consist of interior alterations to cost \$2043.82; substitution of slate roof instead of tin; \$400; providing copper gutters and flashings instead of tin and galvanized iron, \$1180. Total, \$4223.82.

On motion of MacBain, seconded by Eikerenkotter, the following specifications were adopted:

All of the work herein specified is to be done in the best workmanlike manner, and to be in conformity with the general conditions and stipulations of the original specifications and contract dated 30th day of September, 1903.
